Sosakuya is seeking order-based shops to utilize our unique "Sosakuya MEASUREMENT CUSTOM ORDER" system.
We pour the passion and skill from our past creations, plus our ongoing new challenges, into carefully tailoring each and every garment.
We can also create fully original models for you, so please feel free to contact us for a consultation.

About Delivery Time

Delivery is approx. 5 weeks from receiving the order (the order date is when the order sheet, fabric, and any provided accessories are all ready).
The scheduled delivery dates will be announced monthly via our official LINE.

About Measurements

Our staff will provide detailed guidance on the measurement procedures.
We offer guidance via an alteration manual, as well as by phone or official LINE.

About Accessories

We sell sample books for linings (cupra) and buttons (resin, buffalo, nut, shell, leather, metal).
Cupra linings and buffalo buttons are included in the processing fee, but some buttons are optional extras.
If you provide your own standard linings or buttons, it is also possible for us to use them.
First, please feel free to consult with our staff.

About Sample Inspections

You can view samples at the Custom Order Shop "Sosakuya OKAYAMA" or our Okayama head factory.
If you wish, we can also arrange a tour of the factory, so please do not hesitate to ask.
We also hold regular exhibitions in cities such as Tokyo and Osaka.
At these events, we announce new models and explain our ordering process,
so we would be delighted to have you attend.
